The following notes are by Eugene Hicks, former Missile Combat Crew Commander, who has recently come out of seclusion to manage The Groobers performances.

The Groobers made their first appearance in March 1974 as a trio made up of Rollie Stoneman, Butch Theisen, and Malcolm McCown. They entertained primarily in each other's living rooms until November of that year when they performed at the Minuteman Muster, a local variety show, and were a smashing success. In March 1975 Wally Odd (often referred to as Odd, Wally) joined the group. Because he brought with him a PA system and microphones, Wally was instantly looked upon with great favor.

Since that time, The Groobers have been in constant demand (often by the OSI). They have performed at many base and community functions, including appearances at Olympic Arena '75, the Cheyenne Frontier Days Coronation Ball, and the grand opening of the newly remodeled men's room at Nick's Pizzeria and Transmission Shop. In the past year The Groobers have played for at least nine General officers, two of whom publicly admitted to having actually been entertained.

The motto of The Groobers is "If they can't take a joke, they shouldn't have signed up" or "What good is a career if you can't put it on the line?" From their auspicious (nay, suspicious) beginning in the Men's Room of The Plains Hotel to the present time, the so-called songs they sing bear out these thoughts. The Groobers' extensive repertoire includes, along with many folk-rock tunes, such hits as "The Ballad of Mean Gene" (the story of a young officer who entered the missile field and turned prematurely gay), "On The Line" (which tells it like it really is), and "Home In The Hole" (self explanatory). This album also includes "The Plains", an affectionate tribute to the place where they played to their first standing-room-only crowd.

The following notes are by Eugene Hicks, former Missile Combat Crew Commander, who has recently come out of seclusion to manage The Groobers performances.

The members of the group are all Minuteman Launch Officers at F. E. Warren Air Force Base and have a total of 14 years crew experience. They are: Captain Rolland Stoneman, 12-string guitar and banjo; Captain Malcolm McCown, guitar and banjo; Captain Wallace Odd, vocal chords, spoons, and wood block; and First Lieutenant George Theisen, wash tub with stick and rope, and guitar.

With the exception of "SAT Troop Lullaby" which was penned by Wally Odd, all the songs on this album were written by Rolie Stoneman, the poet of the esthetic curtain. Having worked with these four darlings as booking agent and bus driver for the past nine months, I can say that they are the sweetest guys I've ever known. We have such a peachy arrangement. I just love the way they play and sing, and they like the way I do their laundry. Anyway, The Groobers (I just love that name) have put together an album to which anyone connected with ICBM's can relate. Of course, I'd like to relate to all of you big strong missilemen. Oh well, play this record and enjoy. ENJOY!
